### Online Education

| 1. Does all programs/courses were completed on time.                | Yes   |   |  |
|---|---|---|--|
| 2. Measures taken to complete the syllabus of courses and programs. | <p>The prolonged COVID-19 pandemic created a situation for blended mode of online and offline teaching and learning. The students were engaged continuously and effectively in their learning process without break using various online platforms. To facilitate online mode of teaching and learning, a separate server has been established for the college and Email ID for all the staffs and students has been generated in the domain tcarts.in. Various interactive methodologies and open source learning management systems (LMS) like Google classrooms, CANVAS etc., were used to connect via online and to make learning more collaborative and contextual for the smooth completion of the syllabus. Teachers also streamed some of their video tutorials live on YouTube. After the lecture sessions, students clarified their doubts via Whatsapp, telegram, Zoom call, Google Meet etc. Students belonging to rural areas were given the flexibility to view their class- contents as their convenience by watching short videos uploaded in their virtual classrooms.</p> <p>Self-study method of learning was largely focused as we had adopted outcome based education from the academic year 2019 onwards. Planning of every course began with an objective in mind and teachers worked backwards from that objective to plan the learning activities to be associated with content. Emphasis was given to student-centric and creative learning methods. The students were made to do creative assignments in a different perspective like video submissions, animation creations, memes etc. Students were allotted topic for short seminar presentations, forums were created for open discussion and collaborative learning was emphasized. Students were encouraged to refer authenticated websites, referred journal articles for their study materials. Internal examinations and summative examinations were conducted online and on time for both the semesters of the academic year 2020-2021 to help maintain the flow of study for students.</p> <p>Experiments for science courses were demonstrated to students via virtual platforms like <a href="https://www.vlab.co.in/">https://www.vlab.co.in/</a>, <a href="https://vlab.amirta.edu/">https://vlab.amirta.edu/</a>, <a href="https://www.multisim.com/">https://www.multisim.com/</a>, online demonstrations etc. Internal and external practical examinations were conducted strictly offline adhering to the standard operating procedures issued by the Government of India/ Government of Tamil Nadu. The syllabus and examinations were completed without delay even during pandemic by effectively using both virtual and offline mode by using standard protocols.</p> |   |  |
