

THIAGARAJAR COLLEGE, MADURAI
OFFICE OF THE RESEARCH AND INNOVATION

DECLARATION OF REPEATABILITY

I/We, the undersigned Inventor(s), hereby declare that the invention entitled “_____”, developed as part of the research/academic work carried out at **Thiagarajar College, Madurai**, is capable of being practically implemented and/or reproduced by a person skilled in the relevant field based on the description, methodology, experimental details, drawings, data and other information provided in the invention disclosure/patent specification.

I/We further declare that the invention has been **successfully demonstrated and/or experimentally validated**, wherever applicable, and that the disclosed process, method, system, composition or device can be repeated to obtain substantially consistent and reproducible results under the specified conditions.

The supporting experimental results, observations, characterization data, protocols, photographs, drawings or other relevant evidence, wherever applicable, have been maintained and can be produced before the IPR Cell/patent authorities, if required.

I/We affirm that the information provided in relation to the repeatability and reproducibility of the invention is true and accurate to the best of my/our knowledge and belief.
